platform users

The screenshot shows the mindful MATERIALS portal interface. At the top, there is a navigation bar with 'mindful MATERIALS' logo, a search bar containing '33916', and links for 'PROJECTS', 'PRODUCTS', and 'Sign Up/Login'. Below the navigation bar, the main content area is titled 'mM Common Materials Framework'. On the left, there is a sidebar with a list of categories and sub-categories, each with a checkbox and a count. The categories are: 1. HUMAN HEALTH (47,208), 2. CLIMATE HEALTH (27,709), 3. ECOSYSTEM HEALTH (18,617), 4. SOCIAL HEALTH & EQUITY (13,782), and 5. CIRCULARITY (5,378). The sub-categories are: 1.1 Substances (47,208), 1.2 VOCs (44,131), 1.3 Company Human Health Impacts (12,162), 2.1 Embodied Carbon (27,709), 3.1 Pollution (11,975), 3.2 Water Footprint (148,050), 3.4 Biodiversity & Conservation (18,617), 3.5 Life Cycle Environmental Impacts (27,450), 4.1 Company Workplace (13,782), 4.2 Supply Chain (15,225), 4.3 Community (12,116), 5.1 Sourcing (21,188), 5.2 End-of-Life (6,990), 5.3 Packaging (12,146), and 5.4 Waste (5,378). In the center, there is a large banner with the text 'Design with impact in mind.' and five icons representing the impact categories. Below the banner, there is a search bar and a 'View Comparison' button. At the bottom, there is a section titled 'Search By Impact by clicking on one of the icons below:' with five icons and their corresponding labels: Human Health, Climate Health, Ecosystem Health, Social Health & Equity, and Circular Economy.

The screenshot displays a web-based product catalog interface. On the left, there is a sidebar with several filter sections:

- Review Rating:** A vertical list of star ratings from 5 stars to 1 star, each with a corresponding checkbox.
- CSI Division:** A list of construction categories: 1 - Computer & Tools, 2 - Site Construction, 3 - Concrete, and 4 - Masonry & Stone, each with a checkbox.
- mindfulMaterials CMF:** A section for material categories.
- Human Health:** A section for health-related filters, including a "Threshold Level" with checkboxes for 100 ppm, 1000 ppm, and 10000 ppm.
- Sustainability Data:** A list of certification types: HPD, C2C, EC3, and Declare, each with a checkbox.

The main content area shows a grid of product cards. A large yellow hand icon with a pointing finger is overlaid on the top-left card, which is titled "Millennia ClimaPlus". A white tooltip box is positioned over the hand, containing the text "Add to Project" and "Compare". Other visible product cards include "Single Step WB", "Platia Glass", "Vulcan Panelling", "PET Felt", "PowerGrab Express All Pur...", "Acoustical Wall Panel", "Bo Gesso", "Achieve", "Invisamount", and "M-Glass Shaftliner". At the top right of the main area, there is a pagination control showing "10,000 Results" and a grid/list toggle icon.

Externally Verified: Yes  
Verifier: Thomas Gloria

Description:  
The product is a commercial carpet tile with EcoSolution Q100™ face fiber on the EcoWorx® backing system. EcoSolution Q100™ face fiber is nylon 6 with 100% pre-consumer recycled content. The EcoWorx® backing system consists of polyolefin compound, recycled materials, and a fiberglass reinforcement layer. The face fiber is tufted into a primary backing that may contain recycled content, latex is added to hold in the fiber, and the EcoWorx® backing system is applied. This declaration covers all products/styles consisting of EcoWorx® tile backing and EcoSolution Q100™ face fiber, with face weights ranging from 12 to 60 oz/sy, and a weighted average face weight of 19.6 oz/sy. The products fall under CSI 09 68 00 and UNSPSC 3161719 classification codes.

Shaw Contract

Hospitality Nylon Broadloom Carpet on Unibond Plus (Tufted/CYP/Definity)

Durkan

EcoWorx® Carpet Tile

Shaw Industries Group, Inc.

### Description

Flooring

Flooring

Durkan Hospitality Tufted Broadloom Carpet on Unibond Plus Backing is an advanced high performance backing system designed to provide long term carpet durability while delivering sustainability benefits. The Unibond Plus backing system utilizes a high performance thermoset adhesive designed to deliver greater dimensional stability and long term performance by encapsulating the carpet back stitch and securing the secondary backing to the substrate. The advanced thermoset adhesive contains a minimum of 22% post-industrial content.

Carpet tile with EcoWorx® polyolefin backing. Shaw's EcoWorx® carpet tile is Cradle to Cradle Certified® V4.0 Silver and was the first non-PVC backed carpet tile on the market. Shaw has had the chemistry of EcoWorx® carpet tile 3rd-party assessed down to 100 ppm against the list of Red List chemicals and was found to contain none.
